Our values

Knowit's corporate culture is based on fundamental values regarding a sustainable society and is created in the meeting between responsible managers and employees – and built on respect for the value of each individual, and dignity, openness, and honesty.

We have three core values:

- We are **fair**
- We are **close by** and available
- We are passionate about **innovation**

Our employees

There are around 3,800 people working at Knowit, in six countries. Their average age is 40 years and almost 30 percent of our employees are women, a figure we are working to increase.

Equality is an important issue and it is crucial for us that every employee be treated equally, regardless of age, gender, ethnicity, or creed. We regularly perform employee surveys to identify how we as an employer can improve.
